FEEDBACK POLICY

United Institute of Technology understands that coaching-mastering system observed by an Educational Institution needs continuous refinement. To qualify this process of constant refinement and improvements, the institution has followed a feedback system that takes ideas from stakeholders of every programme. This ultimately enables to hone the teaching-learning to know the curriculum developments, delivery, Employment requirements, and as well as the academic conduction process. The Institute follows the mechanism targeted underneath for series of the comments from Students, Faculty, Alumni and Employers on curriculum.

Feedback Collection Process:

Feedback forms with whole curriculum-orientated questionnaires are designed separately for students, faculty, alumni and employers. These forms are shared physically with stakeholders and also through online if required for series of remarks and precise timeline has been allotted for the process. Response for every question is recorded. The Management and higher authorities planned to implement the collection of feedback forms through online mode too from subsequent academic years onwards which is decided through the meeting of Governing council. The format of the curriculum feedback herewith given below.

Feedback Analysis Process:

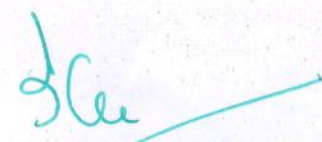

- The evaluation document has been generated via stakeholder wise and reviewed in academic meetings along with Alumni committee, placement co-coordinator and IAQC co-ordinator.
- The each questions target has been set earlier than the gathering of comments. In the analysis file questions with response under the set target were highlighted.
- In the Department meeting, actions are proposed and assigned to individual/committee has been formed to take corrective actions.

Execution of action proposed:

Every academic year, the Alumni cell have to take initiatives to collect the filled in feedback forms from the entire stack holder through several mode, summarize and has to prepare the consolidated report. The Alumni coordinator has to conduct meeting with higher authorities and along with appropriate faculty members as required based on the feedback summary report which yields to take action against the feedback. Finally the alumni coordinator should take appropriate measures for corrective actions and to prepare the report of actions taken against the consolidated feedback form.
