Report on Self Learning Material development

In order that learners learn in their own time and at their own pace with little or no supervision, self learning materials are designed to facilitate the learning process. Self-directed learning can be challenging, even for the brightest and most motivated students. The course introduces the learner to the need: New challenges and trends; concept of Learning Material and its purposes; essential characteristics of SLMs; general principles of Learning Material Development; process of developing Self Learning Material; structure of Self Learning Materials; producing prototype; validation.

Duration of the Programme: The event lasted five days. This is in keeping with the time constraints of the faculty members.

Participants: 70 faculties.

Resource Persons: The programme was more hands-on and practise-oriented. The program's resource people were from UIT. Dr. C. Saravanamoorthi, Head/Mech, United Institute of Technology was the resource person for the programme.

Mode: The programme was conducted in face-to-face mode.

Date: The event took place on June 15, 2020 to June 19, 2020.

Venue: The Programme was organized in the Seminar Hall.

Event coordinator: Mr. R.Sunil Kumar, AP/ Mech,

CIRCULAR

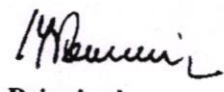

12.06.2020

This is to inform that IQAC Cell of United Institute of Technology in association with Department of Mechanical Engineering is organising a Programme on "Self Learning Material development" for the faculty members on June 15, 2020 to June 19, 2020. The session will be handled by Dr. C. Saravanamoorthi, Head/Mech, United Institute of Technology.

Venue: Seminar Hall

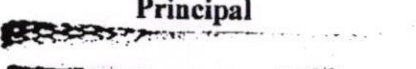

Time: 10 a.m.

PREAMBLE OF UIT

The promoters of this Institution are the Alumni of Government College of Technology, Coimbatore and National Institute of Technology (REC), Trichy. The college offers programmes in B.E., Computer Science and Engineering, Artificial Intelligence and Data Science, Electronics and Communication Engineering, Electrical and Electronics Engineering and Robotics and Automation. The objective of this programme is to provide quality education to the student community and ensure a place in the core industries as a distinct possibility.

OUR VISION

To enable easy accessibility of qualitative education to the student community and ensure a place among the top technical institutions in the country as a distinct possibility.

OUR MISSION

- Impart analytical and research oriented technical education
- Improve the learning experience for the students
- Implement required systems and processes for delivering consistent quality.

The Motto of Our Team UIT is

"Learn Research Innovate"

THEME OF PDPE

Professional development training helps faculties to become better at planning and be more organized. Better classroom Management: faculties become better at classroom management that will pave way for a meaningful learning journey for the students.

COURSE CONTENT

- Day 1: characteristics of self-learning materials
- Day 2: Process of writing self-learning materials
- Day 3: Introduction of a unit
- Day 4: Content analysis and organization
- Day 5: Illustrations and Evaluation

COURSE OUTCOME

Analyze the concept and features of self-learning materials; explain the principles of developing SLMs; describe the process of writing SLMs; and design and develop SLMs for your students
